M1:Practical – VI

Roll No.: T002	Name: Asmitha Mohan Raj
Class: TYIT	Batch: 1
Date of Assignment: 09/09/2026	Date/Time of Submission: 09/09/2026

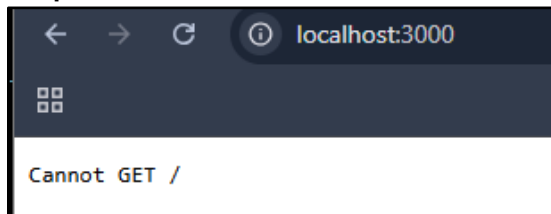

6.Node.js and Express Fundamentals

a. Install Express and create a simple server.

Code:

```
const express = require("express");
const app = express();
const PORT = 3000;
app.listen(PORT, () => {
  console.log(`Server is running on
http://localhost:${PORT}`);
});
```

Output:

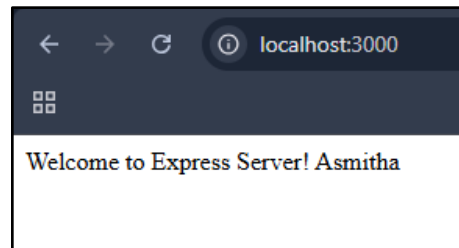

b. Display a message on the browser using the server response.

Code:

```
const express = require("express");
const app = express();
const PORT = 3000;
app.get("/", (req, res) => {
  res.send("Welcome to Express Server! Asmitha");
});
app.listen(PORT, () => {
  console.log(`Server is running on
http://localhost:${PORT}`);
});
```

Output:

c. Create different routes in Express.

Code:

```
const express = require("express");
const app = express();
const PORT = 3000;

// Home Route
app.get("/", (req, res) => {
  res.send(`
    <h1>MVLU College Management Server</h1>
    <p>Welcome to our college website.</p>
    <p>Asmitha</p>
  `);
});

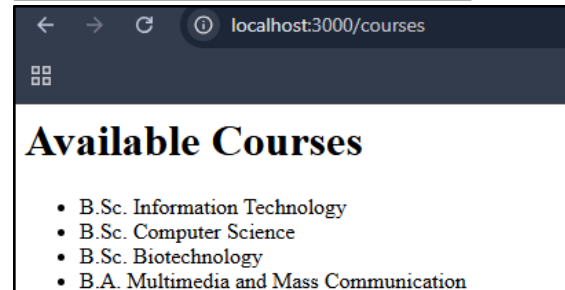

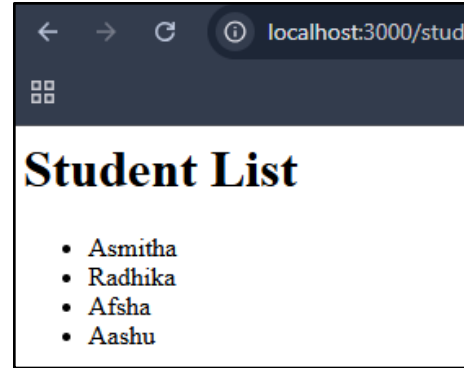

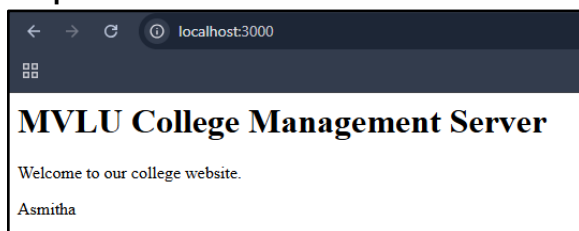

// Students Route
app.get("/students", (req, res) => {
  res.send(`
    <h1>Student List</h1>
    <ul>
      <li>Asmitha</li>
      <li>Radhika</li>
      <li>Afsha</li>
      <li>Aashu</li>
    </ul>
  `);
});

// Faculty Route
app.get("/faculty", (req, res) => {
  res.send(`
    <h1>Faculty List</h1>
    <ul>
```

```

        <li>Sneha Gokarnkar - Information
Technology</li>
        <li>Rohini Bhosale - Information
Technology</li>
        <li>Sumit Tripathi - Information
Technology</li>
        <li>Chetana Tanavade - Information
Technology</li>
    </ul>
    `);
});
// Courses Route
app.get("/courses", (req, res) => {
    res.send(`
        <h1>Available Courses</h1>
        <ul>
            <li>B.Sc. Information Technology</li>
            <li>B.Sc. Computer Science</li>
            <li>B.Sc. Biotechnology</li>
            <li>B.A. Multimedia and Mass
Communication</li>
        </ul>
    `);
});
// Contact Route
app.get("/contact", (req, res) => {
    res.send(`
        <h1>Contact Us</h1>
        <p>Email: info@mvlucollege.in</p>
        <p>Phone: 9876543210</p>
        <p>Address: Andheri, Mumbai</p>
    `);
});
// Start Server
app.listen(PORT, () => {
    console.log(`Server is running on
http://localhost:${PORT}`);
});

```

Output:**d. Send a JSON response from the server.****Code:**

```

const express = require("express");
const app = express();
const PORT = 3000;
// Home Route
app.get("/", (req, res) => {
    res.send("Welcome to MVLU College Management
Server");
});
// Students Route
app.get("/students", (req, res) => {
    const students = [
        {
            id: 1,
            name: "Asmitha",
            course: "B.Sc. IT",
            marks: 85
        },
        {
            id: 2,
            name: "Anu",
            course: "B.Sc. IT",
            marks: 92
        },
        {
            id: 3,
            name: "Aachu",
            course: "B.Sc. CS",
            marks: 78
        }
    ];
}
];

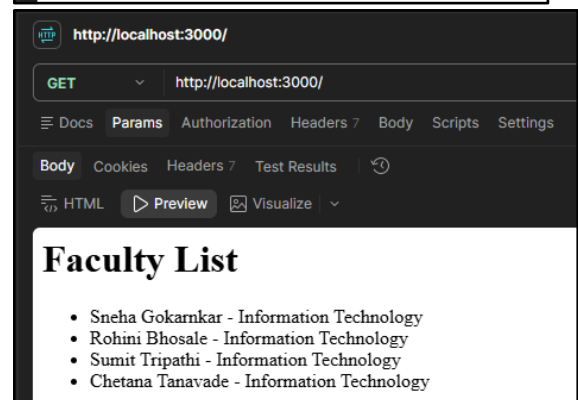

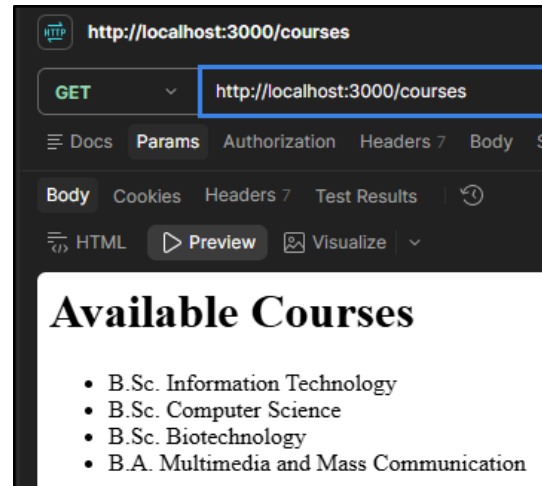

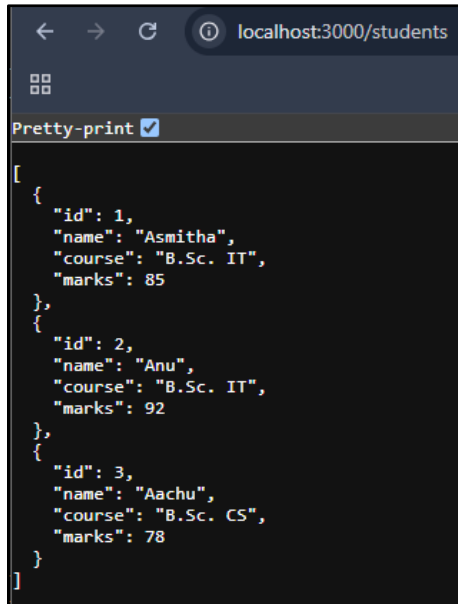

```

```

    res.json(students);
  });
  // Start Server
  app.listen(PORT, () => {
    console.log('Server is running on http://localhost:${PORT}');
  });
}

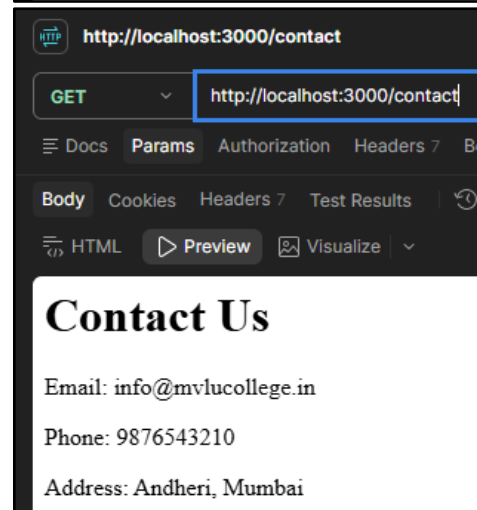

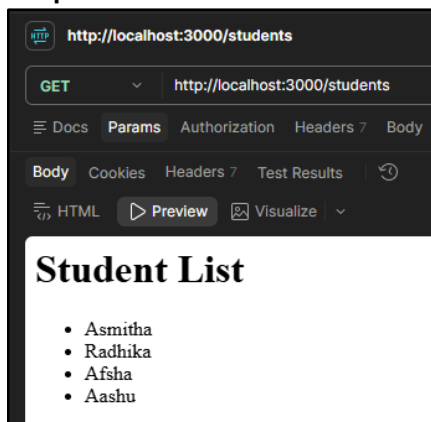

```

Output:

e. Test routes using browser or Postman.
(Same code of 6.4)

Output:

f. Run the server and observe the output in the console.

Output:

```

PS C:\Users\itlab\Desktop\Asmitha TYIT\ERN STACK\Expresspractical> node server.js
Server is running on http://localhost:3000

```
